He can trip over air, and has the scrapes and scratches to prove it. Meeting Alexander Sheffield goes just about like everything else in his life. Its a total disaster. But Alexander is captivated by Dangerous Dusty, so much, in fact, that he hires the man to be his personal assistant, even if its just so he can keep Dusty from hurting himself. Dusty just needs a little direction in his life, some order, and Alexander is just the man to give it to him. Now, if he can just keep Dusty alive long enough, because if the accident-prone man doesnt hurt himself, Alexander has plans for him, ones that will make Dusty his forever. ** A Siren Erotic Romance
