

Her Gentle Capture (The Alfieri Saga Book 2)

Adriana hates Mitch as a boss, but can't keep her eyes off of him. He drives her crazy, wanting to go over every detail of her work, but...she finds herself wondering what he looks like underneath his impressive suits. How is she to maintain her dislike of the man when her body is telling her that she is lying to herself? Mitch is blown away by Adriana. His attraction to her can no longer be ignored, and he senses that she feels it too. He finally breaks down her defenses, countering all of her arguments about why they shouldn't be together and showing her, in great detail, how incredible they are together. So why does she become so angry when he tells her he won't share her with anyone else?
