

Finding Faith: A Self-Discovery Guide for Your Spiritual Quest

Is there a God? - What might God be like? - What is the relationship between faith and certainty? - Can intelligent people believe in spiritual realities? - Why are there so many religions? - Is it possible to experience a relationship with God--and if so, how? If you've asked questions like these, you're in good company. From songwriters such as Bob Dylan and Jewel Kilcher to TV shows such as *The X Files* and *Touched by an Angel*, the media and the arts reflect postmodern men and women's search for a living faith and a spiritually oriented life. Real faith isn't blind beliefism. It is a process that engages your intellect as well as your emotions. If you think faith requires turning your back on truth and intellectual honesty, then *Finding Faith* is one book you really ought to read. With logic, passion, and even-handedness that the thinking person will appreciate, this book helps you face your obstacles to faith by focusing not on what to believe, but on how to believe. Whether you want to strengthen the faith you have, renew the faith you lost, or discover faith for the first time, *Finding Faith* can coach, inspire, encourage, and guide you, and help you discover more in life than you'd ever imagined or hoped for.
