

On Buddhist Democracy, Freedom, and Equality

By providing a closer look at the Buddhas teachings, Master Hsing Yun demonstrates the compatibility between Buddhist teachings and the values held dear by Americans. For example, on the Five Precepts, the summary of Buddhist morality, the Master writes: Although there are five precepts, they are based upon a single principle: not infringing on someone else's rights. Only by respecting the rights of others can there be true freedom. Similarly, to recognize that all beings have the right to an equal and respected life and that none should be harmed lightly is to practice true equality. With clarity, the Master articulated parallels in Buddhist and modern American ideals.
