

## The Infernal World Of Branwell Bronte (VMC Book 618)

As a bold and gifted child, Branwell Brontes promise seemed boundless to the three adoring sisters over whom his rule was complete. But as an adult, the precocious flame of genius distorted and burned low. With neither the strength nor the resources to counter rejection, unable to sell his paintings or publish his books, Branwell became a spectre in the Bronte story, in pathetic contrast with the astonishing achievements of his sisters. Daphne du Maurier concentrates all her biographers skill on the shadowy figure of Branwell Bronte, and no reader could fail to be intensely moved by Branwells final retreat into laudanum, alcohol - and death
