

The Snowbirds

Life has been far from easy for Nicolette Dorsey. Poor life choices have taken her down roads she never intended to travel. Still, she has one undeniable blessing -- her daughter, Willa -- and two sometimes blessings: her sisters Collier and Petie. But Nic has to make a decision ... one that she's sure her sisters aren't going to like. Not one little bit. But when Nic and her sisters return to Persuasion, Alabama, for their annual Christmas celebration, Nic's decision isn't the only surprise waiting for them. Their eccentric aunts have rented a room in the family home to the town's returned prodigal son, Sam Moss -- who also happens to be Persuasion's new minister. The one man Nic hoped to never see again. Before the holiday is over, the Dorsey sisters will have their secrets revealed, their motivations uncovered, and their faith ignited!
