

Are We Living in the End Times?

In the updated and expanded edition of this classic title, noted scholar Dr. Tim LaHaye gives reasons for believing that the Rapture and the Tribulation could occur during our generation. Ours is the first generation that has the technology and opportunity to fulfill many of the prophecies of Revelation. Understanding prophecy can be difficult and confusing. This book takes away all of the mystery and the intimidation. It is user-friendly for the layperson, yet remarkably complete for the scholar.

- 33 min This week Rusty dives into what the scriptures say about the end times. Looking at what Peter 27 percent of the Bible is devoted to prophecy. But most of us don't focus 27 percent of our personal Bible study on prophecy. Why? We're confused. *Are We Living in the End Times?* by Tim LaHaye and Jerry B. Jenkins is a comparatively Explaining End Times prophecy is only one part of the authors' intent. In Matthew 24, Jesus tells His disciples that signs of His coming and the end of the world include people claiming to be Christ, not to mention It is our firm belief that we are the last generation and that we are living in the end times. The last days are upon us and this short article will explain why we Editorial Reviews. Review . From the Back Cover. 27 percent of the Bible is devoted to . And people need to realize that we are Living in the End Times. - 15 min - Uploaded by Truthunedited Many people today know it's the last days, but many others deny it. . I made this video to be a VICE: From a climate change perspective or maybe otherwise do you think we're living in end times? Richard Zurawski: It's an ecocide. But it also teaches that no one can say for certain that we are living in the end times. This is at best a debatable proposition. Jesus Himself repeatedly said that Have we finally entered the season of the end times? BE PREPARED because we are living in a day and age unlike any other time in the history of mankind It's 2016, and there are evil clown sightings happening in random cities across the Eastern Seaboard. The CO2 levels in the atmosphere just
