

Tales From The Edge Volume Three

Rough Around the Edges Can a new beginning be found in leather and chains? Kai Smithson's life changes dramatically with his first glimpse into the world of BDSM. Completely innocent, Kai can hardly believe his eyes, but he knows what he likes and apparently that's hot, dominant men in leather. He isn't sure if he's a submissive because he doesn't really know what that means, but the feelings he is experiencing are exciting and new. Harry Croft, bar manager at The Underground BDSM Club, believes in insta-lust rather than love at first sight. And when he agrees to train Kai, the contract between them has one condition: no sex. But Kai has some very definite plans about losing his virginity and a piece of paper is not going to stand in his way. In his new friends at the club and at The Edge, Kai has a ready-made support group of subs that show him that the only rules in a D/s relationship are those he wants to make for himself. The old saying that you can choose your friends but not your family is proved horribly true for Kai, as the mysteries of his past are revealed. As he and Harry start out on their journey together, they must contend with bullets as well as bondage, danger alongside domination, and it's not easy to establish trust when the whole world is going to hell. Scorched Edges Love forged in fire is unassailable. Fireman Salter Beaman, Beau to his friends, has had his eye on cute Marty Standish ever since he helped rescue Marty and his boss from the bombed-out rubble of Temple Church. An analyst for the security services, Marty is cute, geeky and submissive through and through even if he doesn't know it yet. With a serial fire starter making inroads into Beau's life expectancy, he decides that there is no time to waste and introduces Marty to the D/s lifestyle. Marty responds with wide eyes, an insatiable desire to learn and the ability to turn Beau on with nothing more than a wiggle of his slim hips. But Beau has

a second, far more malevolent admirer. See me dance is the message left at a series of increasingly dangerous fires. Beau and Marty must work together to catch a psychotic arsonist before their love goes up in flames. Literally.
